### Berwyn Rod & Gun Club Hosts DNR Shooter Qualifications and Public Sight-in Days

Bowie, Maryland (Sunday, August 22, 2021)—The Berwyn Rod & Gun Club (BRGC) hosted a shooter qualification and public sight-in event for prospective hunters. The Maryland's Department of Natural Resources (DNR) established this standardized certification program for selected managed hunts. Prospective hunters wanting to participate in these managed hunts or hunt on public lands that require certification must demonstrate their proficiency at archery, shotgun, or a muzzleloader to earn their DNR shooter qualifications card.

Twenty members, including many from our team of Maryland DNR-certified hunter safety instructors, generously volunteered more than 100 hours helping to safely and efficiently conduct this event. More than 50 hunters successfully qualified and obtained their DNR shooters qualification cards. Our president said “our club is dedicated to firearms and hunter safety. We are proud to host these great event for our local community.”

For additional information on BRGC, please visit our website at: <https://www.berwyn.org/> and for the DNR shooter qualification card, please visit their website at: <https://dnr.maryland.gov/huntersguide/Pages/shootqual.aspx>.

#### ABOUT BRGC

The BRGC is a non-profit 501(c)(3) organization in Bowie, Maryland. Our Club promotes archery, boating safety, conservation fishing, firearms education, hunting safety, marksmanship, outdoors activities, and sportsmanship. BRGC is a private club, but memberships are available to the public who meet our qualifications.
